Enrichment
Programme

KS3
Student Guide
Summer
2017

The aims of the enrichment programme are that, through challenging activities, students will be highly motivated and encouraged to explore unexpected opportunities and interests. By reviewing their progress and experiencing new approaches to learning, pupils will be encouraged to become successful learners.

Students must participate in at least one enrichment activity each week, choosing from the list of activities. It is advised that students read the blurb for each activity before making their choices.

The **Student Enrichment Option Selection Form** must be returned by the deadline, indicated on page 3.

Students will have opportunities to provide feedback and review activities at the end of each term. To monitor progress in the development of 'BRIDGES' skills, students will use the same activity tracking and review sheet throughout an academic year. Students' feedback is also encouraged throughout the year and can be given using the suggestion box at the KS3 reception or through the form's enrichment representative.

Dear Parent/Carer,

The Enrichment Programme has been a great success in the last academic year and I am looking forward to this continued trend. Students attended their clubs regularly and fully involved themselves with the school community and ethos. Could I please respectfully request that if your son/daughter cannot attend a club for any reason you write a note for the enrichment teacher prior to the session. Could I also ask that you support your son/daughter with their options form and encourage them to consider the number of sessions that they can realistically attend. We view enrichment as part of the school day and expect one hundred percent attendance and commitment to the sessions that students choose. On the rare occasions of absences, students must present an absence note (written by parent/carer) to the enrichment teacher prior to the day of enrichment.

Yours sincerely,

Karen Clarke (Lead Teacher for Enrichment Provision)

Monday	
Enrichment	Description
Handball	 <p>Do not miss this chance to improve your handball skills through coaching from the Redbridge London Youth Games Coach!</p>
Costume Design - summer production	 <p>Designing and making the costumes for the school production of <i>school of Rock</i>.</p> <p>If you enjoy Design Technology, Textiles and fashion this is a great opportunity to be creative and get some first-hand experience using the sewing machines, learning new textiles skill, designing and creating costumes for the end of year production.</p>
Art Club	 <p>This is art for your personal enjoyment, come and paint and draw and explore your creativity.</p>
Debate Club	 <p>Find your voice and develop your speaking and listening skills! During this club, you will debate a wide range of social issues and learn how to make the language that you use more persuasive. Debating is an excellent way of developing communication, verbal reasoning and higher level thinking skills.</p>
Girls Can - Secondary / Primary	 <p>The Girls Can enrichment has grown from strength to strength over the last 2 years and continues to encourage girls to try new sports and enjoy being active in a fun and friendly environment. So far this year we have played football, basketball, handball, netball, and rounders. In the summer term, Girls can is growing even bigger and will now also involve girls from the primary school! As a secondary student you will take part in a variety of sports alongside the primary pupils, helping them to develop a love of sport as well as partaking in competitive games yourselves. The enrichment takes place on the Primary MUGA and starts at 4pm. 'Please note: secondary students will need to make their own way to the primary MUGA at 4.10 when they have changed into their full PE kit. They will then be escorted back to the secondary building by a teacher at 5pm.'</p>

Monday	
Enrichment	Description
Set Design	 <p>Design and build the set and staging for this year's fantastic production! Are you creative? Are you adventurous? Are you ready to learn some new Art and Design skills as part of an energetic and imaginative team? If the answer is yes to either question, then join set design.</p>
Dance - summer production	 <p>Those of you who came to the auditions for <i>School of Rock</i> will now start rehearsing for the final performance. In July, you will be performing some fantastic choreography and routines to hundreds of people. Let's get rehearsing!</p>
School Production - Singers	 <p>Those of you who came to the auditions for <i>School of Rock</i> will now start rehearsing for the final performance. In July, you will be performing a range of great songs to hundreds of people. Let's get rehearsing!</p>
Scrabble Club	 <p>Over half-a-million children in the U.S., Canada and the UK have discovered the joy of playing School SCRABBLE. Scrabble enables students to develop verbal skills, time management, strategic thinking and teamwork skills; all the while having fun with your peers and being creative with words. There will be themed weeks every now and then with bonus points going for words which relate to the theme, e.g. spooky words for Halloween.</p>
Production Band	 <p>Rehearsals for this year's show <i>School of Rock</i> will start next term on Monday and Wednesday.</p>
ICT	 <p>In ICT club students will be developing and honing their computing skills. Students will be given the opportunity to develop areas of expertise that they will use to peer-teach other students.</p>

Monday	
Enrichment	Description
School Production - Actors Rehearsal	 <p>If you are lucky enough to successfully audition for a part in the whole-school production, you will spend Mondays and Wednesdays preparing for the performance.</p>
Music Production	 <p>Learn to be a music producer and sound engineer. Auto-tune your Logic Pro Skills to the max.</p>
Anime Club	 <p>Are you interested in hand-drawn or computer generated animations? Come and join us!</p>
Summer Sports and Athletics	 <p>Summer sports and Athletics will be a club combining Athletics activities both in school and down at the Cricklefield stadium and also involving summer sports such as softball, rounders, ultimate frisbee and cricket.</p>

Wednesday	
Enrichment	Description

Travel Ambassadors	 <p>YTA teams will research, develop and deliver bespoke campaigns focused on:</p> <ul style="list-style-type: none"> · Encouraging more walking and cycling to school · Sharing key road safety messages · Promoting responsible behaviour on the transport network · Giving young people the skills and confidence to travel safely and independently <p>The programme will involve pitching for grant funding, working towards the Gold Stars Accreditation Scheme, leading assemblies and initiatives across the Academy.</p>
Year 9 Football	 <p>Be prepared to practise skills and get involved in team work during match play.</p>
HHBB	 <p>The famous collection of horns and drums playing hip-hop tunes that will get you onto your feet!</p>

Wednesday	
Enrichment	Description
Poke Ball	 <p>This is a student led enrichment. A Poké Ball (Japanese: モンスターボール Monster Ball) is a type of item that is critical to a Trainer's quest, used for catching and storing Pokémon.</p>
Year 9 Maths intervention	 <p>This enrichment is for any KS3 student who is currently a level 5 or a low level 6 who would like to practise their numeracy skills.</p>
Dress a girl around the world	  <p>Dress a girl around the world is a charity which makes and delivers handmade dresses to young girls in deprived countries who may have never owned their own dress, if you have the practical skills and passion for sewing and designing speak to Miss Hinds or await an invite to get involved in a very worthwhile charity.</p>
Events Team - Whole School Production	 <p>Could you organise a big event involving hundreds of people? Could you advertise and market the event to ensure all of the tickets are sold? Could you come up with inspiring and successful fund-raising project ideas? Could you organise and deliver a fantastic refreshment service for the audience to buy from on performance night? If so, get involved by joining the Events Team for the summer production on Monday afternoons!</p>

Wednesday	
Enrichment	Description
Henna Art Club	 <p>If you would like to learn how to create your own henna design, this is the club for you!</p> <p>We will be sketching, collaging different designs and finally practising henna designs.</p>
Saxophone Ensemble	 <p>New! Saxes and rhythm section playing all the latest hits.</p>
Dungeons and Dragons	 <p>Immerse yourself in a world of swords and sorcery; explore ancient ruins and deadly dungeons; battle monsters while searching for legendary treasures.</p> <p>At D&D club you will role-play as adventurers seeking glory and fighting evil, while exercising your skills in reading, improvisation, and imagination.</p> <p>The world needs heroes. Will you answer the call?</p>
Jigsaw Club	 <p>When was the last time you did a jigsaw puzzle?</p> <p>Why not get yourself lost in hours of fun trying to put together a piece jigsaw?</p> <p>Join the Jigsaw Club and help to create a picture from 1000 small pieces.</p>
First Aid	 <p>Enabling students to learn first aid using St John Ambulance free resources and training programmes. This enrichment will promote fundamental British values. Additionally students will be empowered to learn skills that could one day save someone's life.</p>
Year 7 and 8 Social Club	 <p>A chance for you to meet and converse with members of the school community. Playing games and having fun will all be possible in this club.</p>

Thursday	
Enrichment	Description
Yr 7 and 8 Table Tennis	 <p>Anyone of any skill level can pick up a bat, and immediately have fun playing. You don't really need any skill to enjoy yourself, but with every shot played you quickly become more confident.</p>
VIPs @ INA	 <p>This enrichment will be a chance for you to invite and organise guest speakers to visit INA. If you really want to hear a guest come and speak or have a passion for organising events this is the enrichment for you!</p>
Redbridge Book Award Shadowing Group	 <p>We will be reading, reviewing & discussing the books on the Redbridge Book Award shortlist for 2017. Students who join this enrichment will also be invited to the Awards.</p>
Year 7 English	 <p>This enrichment is for any KS3 student who is currently a level 5 or a low level 6 who would like to polish up their writing skills. We will focus each week on a different writing skill by looking at great examples and practising. The sessions will be fun and interactive and supportive.</p>
Girls Coding club	 <p>Processing is a flexible software sketchbook and a language for learning how to code within the context of the visual arts. Since 2001, Processing has promoted software literacy within the visual arts and visual literacy within technology. There are tens of thousands of students, artists, designers, researchers and hobbyists who use Processing for learning and prototyping.</p>

Thursday	
Enrichment	Description
Year 9 English	 <p>This enrichment is for any KS3 student who is currently a level 5 or a low level 6 who would like to polish up their writing skills. We will focus each week on a different writing skill by looking at great examples and practising. The sessions will be fun and interactive and supportive.</p>
Planeteers	 <p>Join the Planeteers where you help to develop exciting Eco projects across the Academy.</p> <p>We are working towards a National Eco Award and you will have the opportunity to take part in assemblies, play a key role in the care and well-being of the science department animals and lead academy-wide initiatives.</p> <p>Join today and make a difference to the school environment.</p>
Irish Dancing for Beginners	 <p>Come and join us for some jigs and reels. Do not worry if you haven't done it before or even if you have not heard of it. It is great exercise and it will be music to your ears.</p>
History's Greatest Debate	 <p>An opportunity to research and discuss some of the greatest debates in history. Covering issues from international relations, science and the media.</p>
Creative Writing	 <p>Whether you are interested in writing a short story or poetry, this enrichment will help you to put your ideas to paper in a supportive, fun and challenging way.</p>

Friday	
Enrichment	Description
Bike Club (Year 7)	 <p>Learn how to ride a bike. Also tips in road safety and how to care for your bike to minimise damage.</p>
Badminton	 <p>Learn how to play this popular racket sport with qualified coaches at INA. We will be playing badminton against other schools in the area, so this is the club to attend if you are interested in developing your skills and improving your game.</p>
Bake Club	 <p>Do you like baking or do you want to learn how to bake? Join us and practise your baking skills.</p>
Pop n Funk Horns	 <p>Learn to play your favourite tunes on the trumpet or trombone.</p>
Karate	 <p>Karate is a Japanese form of self-defence and the word is literally translated as 'empty hand'. It is a martial art which has existed in many forms over the centuries but its most recent form is thought to be around 100 years old. Mr Wilson started practising Karate when he was 5 years old and achieved his 2nd Dan black belt at the age of 13. Whilst at secondary school he represented England on many occasions in different venues all over the United Kingdom. This enrichment activity is great for keeping fit, learning how to discipline your thoughts and emotions and for developing positive relationships with other students. Come along and enjoy this fantastic sport.</p>
