

SAFE RECRUITMENT: PRE-EMPLOYMENT CHECKS AND THE SINGLE CENTRAL REGISTER ARK SCHOOLS GUIDANCE FOR HR ADMINISTRATORS

The purpose of this document is to provide a brief summary of the checks and information needed for the Single Central Register. The Department for Education advises that the following checks must be made on all people before working in an education service. For further guidance please see <http://www.ofsted.gov.uk/schools/for-schools/safeguarding-children>

All ARK Schools employees must have received the following checks prior to starting employment with ARK Schools:

- enhanced DBS disclosures;
- List 99 check (for staff in working regulated activity only);
- right to work documents;
- identity;
- overseas criminal record checks (if applicable),
- medical checks,
- qualifications; including QTS for teachers, and references.

Please Note:

- While the central HR department may provide support with the online DBS disclosure application process, and the recruitment team may assist with completing reference checks, schools are responsible for ensuring that all pre-employment checks as outlined in this document are completed as required.
- Information about any non-employees (supply staff, contractors, volunteers, governors) who are not in Snowdrop needs to be elsewhere. <http://www.ofsted.gov.uk/schools/for-schools/safeguarding-children> provides detailed guidance on what checks are required for these people. A summary of checks of these staff should be compiled with the employee Single Central Register before submitting to the Ofsted inspector.
- The person responsible for photocopying original documents **must** see the original document. For documents that need to be retained (ie Right to Work documentation), a **photocopy must be taken of the originals at the school, and these photocopies should be signed and dated by person responsible for this at the school.** Please refer to the 'Document Retention Guidance Notes' for further information.
- If any of the checks completed flag any areas for concern, this should be brought to the principal's attention immediately.
- ARK Schools removed the three yearly recheck requirements for existing staff in 2013, with the following guidance:

- All new employees continue to undergo DBS checks before commencing work in all but the most exceptional cases. Employees with a break in service of more than three months will also be rechecked.
- All TUPE'd employees have a DBS check when they join the network
- Three yearly rechecks cease for academy based staff, but continue for central office staff, volunteers and contractors and any other staff deemed to be high risk
- Requirement that all agency staff are rechecked every three years (this should be done by the recruitment agency)
- Four yearly rechecks for governors (change from five years in 2014)
- ARK Schools reserves the right to repeat any check – including DBS check – if any information is received that suggests a person may no longer be suitable for continued employment
- Staff must report any arrest or caution to management immediately
- Encourage a culture of vigilance in relation to child protection to discourage an over reliance on DBS checks.

Identity check	Keep a copy of right to work evidence documents on file.	ID should be checked and copied at interview stage. The name recorded on the official identity should be used for all record keeping (eg Snowdrop) and official documentation (eg contract of employment) regarding the individual. Contact HR for advice if the individual cannot provide photo ID.	On the 'Employment Information' tab – enter date checked and who completed the check.	
List 99 check	Print out of check to go on file. Date of check must be recorded on Snowdrop. <i>From 2012: For staff working in 'regulated activity' only.</i> https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/249435/dbs-factsheet-regulated-activity-children.pdf	This check should be completed prior to an offer of employment. Contact HR immediately if the List 99 check returns any information. Ensure that you use details on identification which ideally must be the individual's passport, and check all variations of the individual's name, including previous surnames.	In 'Background Checks' – check type of 'List 99'.	<u>Always use details on ID provided. Check all variations of name.</u>

<p>Enhanced DBS disclosure</p>	<p>Email notification from DDC which includes DBS Disclosure number and date of issue</p> <p>File notes (if applicable).</p> <p>Risk assessment form (if applicable).</p>	<p>Employees should not be allowed to start work without a DBS disclosure. It is expected that the online DBS form will be completed as soon as possible after an offer is accepted.</p> <p><u>Very occasionally, if there is clear and urgent need to start someone prior to their DBS disclosure being returned, this may be acceptable as long as:</u></p> <ul style="list-style-type: none"> • HR Manager for the school is consulted. • A list 99 is completed (for staff working in ‘regulated activity only’. • There is a demonstrable urgent need for the employee to start • An online DBS form has been completed and sent to the DBS • All other pre employment checks have been completed • A risk assessment form is completed and signed by the principal and central HR prior to the employee starting, and reviewed fortnightly until the DBS is returned. The employee must be closely supervised until the DBS disclosure is received by the school. <p>Central HR will let you know when a DBS disclosure issued through DDC has content. In this instance, the school must insist that this person brings in their certificate and discuss the content with the relevant central HR Manager before allowing the person to start work.</p> <p>From June 2013, it will be possible to accept a previous CRB for <u>some</u> people and check if it is still up to date using the DBS Update Service. This is only possible where the recruit has a disclosure dated after 17 June 2013 and has paid the annual fee to keep their information up to date. The check can be done at https://secure.crbonline.gov.uk/crsc/check (you will need the person’s disclosure certificate). Print out and file the confirmation that there has been no change. If the check results in the wording ‘This Certificate is no longer current.’, then you must complete the usual DDC check process. As with the DDC process, if the disclosure certificate has any content, you must discuss this with the relevant central HR Manager before allowing work to start.</p>	<p>In ‘Background Checks’ – check type of ‘DBS’. Enter as ‘Pending’ with the date the online DBS form is submitted to DDC . Chang to ‘Passed’ with the disclosure number after the disclosure is received and update the date of the check to reflect the date of disclosure</p> <p>Information required is: the date disclosure was issued, the unique disclosure reference number, and the details of the recruitment decision taken where a conviction was disclosed, including the reason why the applicant was considered suitable for appointment. Specific details of any conviction disclosed are not required to be noted on Snowdrop.</p>	<p>DBS Guidance</p>
