Farhana	Akther	The Great INA Bake Off		S20	Nazifah Nakedar, Atika Shah	Y							20	Weekly challenges to create a product with a key ingredient.
Heather	Arrowsmith	Year 8 Book Club	I	S36	Saleha Khatun	Y								Enjoy the collaborative experience of reading and sharing opinions about books whilst boosting your reading skills. This enrichment will not only help you to relax but will help you make progress in all of your lessons.
Karen	Clarke	Year 12 Enrichment Ambassadors		T14		Y							5	A team of 5 students that will work closely with Ms Clarke to monitor enrichment on a weekly basis. Writing newsletter items, highlighting the positive impact of the INA enrichment programme. The group will also source guest speakers, competitions and other enriching opportunities for students in our school community.
Chris	Dukes	Table tennis		Activity studio	Ollie Taylor Keshan Beckett-Edwards; Selwyn Cush-Etter (Primary Year 2 Teacher)	Y							15	Table tennis is a fun and physical activity. It's easy to play, but difficult to master. There are so many variations of table tennis, so you'll always have more challenges to look forward to. Playing improves hand-eye coordination and it stimulates mental alertness, concentration and tactical strategy. This makes it the perfect game for young people to sharpen reflexes and to refine tactics around the table. Anyone of any skill level can pick up a bat, and immediately have fun playing. You don't really need any skill to enjoy yourself, but with every shot played you quickly become more confident.
Geeta	Gohil	KS4 Maths intervention	I	F51	Bertie Simpson	Y								Students will be invited to this enrichment and attendance will be expected. The club aims to support students in making good progress in Maths for GCSE exams.

Yusuf	Mohammed	Science Club		F48	Tim Oates	Y							15	The Science Club provides a unique opportunity to experience some of the more entertaining aspects of science that are not always covered by the national curriculum. Often in science lessons there is simply not enough time for all students to safely undertake many of the experiments and activities that are demonstrated by the teacher (as the most entertaining experiments are inevitably the most hazardous). The science club provides an environment for a small group of students to safely undertake these exciting experiments themselves and students will be positively encouraged to suggest their own ideas for experiments and investigations throughout the term.
Jacinta	O'Rourke	Scrabble Club		G26	Keshan Beckett-Edwards	Y							15	Over half-a-million children in the U.S., Canada and the UK have discovered the joy of playing School SCRABBLE. Scrabble enables students to develop verbal skills, time management, strategic thinking and teamwork skills; all the while having fun with your peers and being creative with words. There will be themed weeks every now and then with bonus points going for words which relate to the theme, e.g. spooky words for Halloween.
Frances	Robertson	Rhythm and Riffs		F28		Y							15	This exciting new enrichment has something for any rhythm section player! Rhythm and Riffs is open to bass, guitar and piano players as well as drummers. A variety of musical styles will be explored and you will discover different ways of playing your instrument in an ensemble. Student will also have opportunities to lead others and contribute creative ideas. Come along and develop your instrumental skill!
David	Robinson	Grime Club		F23		Y							25	Learn to write, record and produce your own Grime track.
Genevieve	Testler	Year 9 Graphics Club		S.16	Sophia Foot	Y							15	Are you interested in DT. Thinking of doing it for GCSE? Graphics Club is the perfect opportunity to develop both your design and making skills. In the Autumn term we will be looking to designing and making products for the Christmas season.
														Table tennis is a fun and physical activity. It's easy to play, but difficult to master. There are so many variations of table tennis, so you'll always have more challenges to look forward to.
