Summer Learning

2017

ISAAC NEWTON
ACADEMY

Year 10: For first lesson back

Go back to your end of year exam papers (All papers)

Annotate each question with the numbers from the **GCSE Checklist** to identify which question assessed each topic point.

Then for the questions you did poorly on:

- Make revision notes on the spec points these relate to
- Find **3** x questions from the past papers (AQA online website) and write model answers to these questions.
- Ensure all this work is in your book for next year.

Year 9: For the first lesson back with your new teacher

Go through your end of year test paper & complete the gap analysis sheet.

- For each of the questions you answered poorly create revision notes in your exercise book/ on paper for these topics.
- (look up BBC bitesize or other AQA GCSE notes websites).
- Then research on the AQA website past exam questions on these topics and complete one question with a model answers for each topic

(the questions should be between 4-6 marks or a series of shorter answers totalling 6 – 8 marks)

Year 7/8: For the first lesson back with your new teacher

Over the summer you should create a concept map/revision notes/Revision Posters on the first topics you will encounter next year.

You can use BBC bitesize or other websites/textbooks to help you with this.

Year 7	Year 8
Diet & Health	Inheritance & Disease
Light & Sound	Forensic Science
