

### **Behaviour appendix phased reopening Covid-19**

Our PBFL policy will continue to outline behavioural procedures within the school, however this appendix will refer to changes made as a result of procedural update made and risk management due to Covid 19. The changes outlined in this appendix have been made available to parents in our reopening handbook, student information and staff training has been provided.

Any student that displays behaviours that demonstrate that they are not willing to cooperate in maintaining a safe environment for themselves, peers and staff will be deemed to have committed a serious breach of the behaviour policy, therefore an additional sanction (all of which are outlined in our PBFL policy) may be considered.

The following are examples of what we would consider to be unacceptable behaviour specific to the context of our phased return, though the list is not exhaustive:

- Refusing to sanitise or wash hands as directed throughout the day
- Being in an area marked as out of bounds
- **Deliberately** making contact or attempting to make contact with another person
- **Deliberately** moving within 2 meters or attempting to move within 2 meters of another person
- **Deliberately** performing actions associated with the symptoms of Covid-1, for example but not limited to, coughing and or sneezing
- **Deliberately** not attempting to cover the nose and mouth with a tissue or arm when coughing/sneezing

#### **Classroom behaviour management**

Our usual policy of moving a student to a different space within the classroom following a warning, before sending a student to the duty room can now not be followed due to social distancing and students remaining in their on learning space within the classroom. While in the classroom, students should be given a first and second warning for low level disruption (without moving seat) before then sending a student to the duty room.

Detentions are not being set at this time.

## **Mobile phones**

We will not be collecting in students mobile phones at this time, and we have advised parents that mobile phones should not be brought into school as we will not be allowing students to hand them in or access lockers. If a parent decides that they require their child to carry a mobile phone, students have been advised that if it is seen or heard in school, it will be confiscated. Confiscated mobile phones should be taken to reception in the usual way and locked in the draw. Parents will contact Mr Ball or Mr Beattie for collection (Y10 and community classrooms). The Year 12 phone policy remains the same.

## **Duty room procedural changes**

The duty room is now situated next to student reception in the small group learning room.

The duty room will be supervised by a member of SLT on a daily basis, and the rota published so staff.

- Students should be sent directly to the duty room and the member of SLT on duty emailed by the teacher making the referral (no green slip)
- In the email to the member of SLT, the reason for referral should be outlined (in the same level of detail that you would put on a Bromcom referral).
- Students take all belongs with them from the classroom (in the event that the referral comes from the community classroom the laptop should be left on the desk not taken to duty).
- Students will remain in duty with the member of SLT for the rest of the day (Until 3.30pm for community classrooms and 1.30pm for group learning). In the event that a student is referred during a 1:1 until the end of their 1:1 session.

In the event that a student refuses to go to the duty room, another student should be sent to collect a member of SLT. All SLT offices have been moved to the ground and first floor to support with student supervision.

The member of SLT on duty will email Dave Beattie (for community classrooms) Patrick Ball and Leanne Abbott-Jones to communicate that a student has been referred to the duty room so that the appropriate investigation and sanction can be put in place and communication with parents can happen promptly.

Reconciliations will happen as required in the same way, however we will ensure appropriate social distancing.

Parent meetings will not happen face to face at this time, however any behaviour concerns will be followed up with a phone call made by Mr Ball or Mr Beattie, and any readmission meetings will happen virtually by Mr Ball and Ms Abbott-Jones.
