# PHYSICAL EDUCATION

Street Tag is a free child and family-friendly mobile application that uses virtual tags to incentivize communities and families to become more physically active and boost mental health.

On the Street Tag app, you collect points assigned to virtual tags all-around your community including green spaces, once you are within a 40-meter radius of any virtual tag, your app will automatically collect the points, steps can also be synced and converted into Street Tag points. These points add up in real-time on your school's leader board, with prizes to be won at the end of each season.

It's lightning-fast and easy to create new tags on your preferred walking, running, or cycling route on Street Tag. Anyone can create virtual tags around them using the app.

# PHYSICAL EDUCATION

Use the Street Tag 'Power Hour' to commit to an hour of exercise at least 24 hours in advance and have all your tag points collected during that hour tripled and maintain a daily streak of physical activity for even more bonuses.

Start using Street Tag to explore and boost your daily physical activity and mental health. Collect virtual tags, sync your steps, try different experiences in the virtual playground and WIN PRIZES.
