Student Locker Agreement

All students are allocated a locker for storing their books and equipment when they are not required for a lesson. It is very important that students take care of their locker and keep their locker key safe.

Student Rules for the Use of Lockers

1. Students are only allowed to access their lockers at the following times:

- Before 8.30am
- At break
- A lunch time
- After PM tutorial
- Following enrichment activities

Students should not access their lockers between lessons 1 and 2, lessons 3 and 4 or lessons 5 and 6 as this will result in the late arrival to lessons.

2. Lockers should be kept in an immaculate condition. Students are not allowed to decorate lockers or put stickers on them.
3. Lockers should be treated with respect and should not be deliberately damaged or defaced.
4. Locker keys should be kept safe. Students are advised to use a key ring. Locker keys will be part of their equipment check.
5. Students should not let other students use their locker or give their locker key to other students.
6. Students should immediately report any damage to lockers to the Sixth Form Administrator.
7. Lost keys should be reported to the Sixth Form Administrator. Students will need to purchase a replacement key at a cost of £3.
